The ABC Of SFX Music

In **SFX music**, the melody is clearly written in large lettered notes. Each note can easily be located on your keyboard and then played with the right hand.

The songs in **SFX music books** are all written in the following keyboard range. The symbol at the beginning of the music staff is the treble clef, indicating the notes are played with the right hand:

The Keyboard

The Music Staff

The **Sharp Sign** (#) will sometimes appear before a music note. Simply play the *black* key to the *right* of the *white* key:

The **Flat Sign** (♭) placed before a note tells you to play the *black* key that lies to the *left* of the *white* key:

Example: C#

Example: F#

Example: E♭

Example: B♭

The **Music Staff** is divided into equal sections by vertical lines called *Bar Lines*. Each section is a *Measure*. The end of a

piece of music is marked by a double bar line.

All music is played in time to a *beat*. The six types of notes most often used in SFX music

all have a *time value* that relates to the beat:

Whole note

4 Beats

Dotted half note

3 Beats

Half note

2 Beats

Dotted quarter note

1½ Beats

Quarter note

1 Beat

Eighth note

½ Beat

The Rest is a silent break in the music. The symbols are written in the staff, and like

music notes, rests each have a time value:

The Time Signature comprises two numbers at the beginning of the music, after the treble clef sign. The top number shows the amount of beats in each measure. The

bottom number indicates the type of note that will receive *one* beat. These are the most popular time signatures. The lower number 4 represents the quarter note:

The Tie is a curved line that connects two consecutive notes on the same line or in the same space in the staff. When a tie appears

in the music, play the first note and sustain the sound for the *total* time value of the two notes:

Repeat Signs are two dots alongside double bar lines. They indicate that all the music in between the pairs of repeat signs is to be played through again:

Quite often there will only be one repeat sign at the end of a passage of music. The repeat is then made from the very beginning:

Double Endings are sections of music with staff repeat signs. 1st and 2nd time brackets above the staff indicate where a short 'skip' is to be made in the music after the repeat has been played:

Left Hand Keyboard Accompaniment. SFX music has Major and Minor chords clearly written above the staff. The optional 'seventh' type of chord is shown with the 7 outside the chord frame:

Your keyboard Owner's Manual will explain how these chords are played with your left hand.

Conventional (Fingered) Chords can also be used. **The SFX Master Chord Chart** in this book shows the most practical chord positions for this type of left hand accompaniment.

Right Hand Fingering
Always use recommended fingering when indicated in SFX music.

Verse 2:

Seems as though a month ago I was Beta Chi,
Never got high,
Oh, I was a sorry guy.
And now a smile, a face, a girl that shares my name,
Now I'm through with the game,
This boy will never be the same.

And even though we ain't got money (etc.)

Verse 4:

Love the girl who holds the world in a paper cup,
Drink it up,
Love her and she'll bring you luck.
And if you find she helps your mind,
Buddy, take her home, don't you live alone,
Try to earn what lovers own.

And even though we ain't got money (etc.)

We look for love, no time for tears,
 Wasted water all that is,
 And it don't make no flowers grow.
 Good things might come to those who wait,
 Not for those who wait too late,
 We gotta go for all we know.
 (Chorus)
